

Corrales Community Library
STRATEGIC PLAN – July 1, 2020 – June 30, 2023

Our Vision: We will enhance and develop community connections in the library while expanding library services outside our walls.

Our Mission: As the heart of our community, the Corrales Community Library provides people of all ages with quality information and innovative services, while encouraging lifelong learning and literacy.

Our Values:

Community
Lifelong Learning
Service

Goal 1: We will develop connections within the community.

- A. We will collaborate with local organizations to create quality programming for children and adults that serves the needs and interests of our community.
- B. We will solicit information from our public to assess local needs.

Goal 2: We will advance the use of technology to meet community needs.

- A. We will improve our technology and internet access.
- B. We will develop and promote the use of our digital collections.
- C. We will train the public on the use of technology.

Goal 3: We will promote life-long learning.

- A. We will offer programming for children that stimulates a desire to read and learn.
- B. We will offer programming for adults that meets a variety of interests and needs.

Evaluation: We will track and evaluate all program response and technology use. We will encourage and elicit input from our community.
